SSGC unveils gas supply closure schedule

RECORDER REPORT

KARACHI: Sui Southern Gas Company on Thursday announced that curtailed gas supply from different gas fields has caused line pack depletion and has resulted in low pressure in the system.

In this view, supply of gas to all industrial units and captive power plants in Sindh will remain closed from 7am on Sunday, October 7, 2012 to 7am on Monday, October 8, 2012 for 24 hours.
