

PHMA TRAINING PROGRAM

ADVANCED ACCOUNTING TECHNIQUES

The profession of Accountancy is developing on a fast track, especially in last 2 decades. IFAC is administrating this profession & professionals, throughout the world on a dynamic & scientific way. Now due to International Accounting Standards (IAS), the companies are restricted to make accounts according to universe.

Further the Professional Accountants in the world, due to their significance are also enjoying almost the highest packages. Due to this fact SMEs & even in corporate world large organizations in Pakistan are not affordable to them, hence are forced to employ junior accountants. These accountants badly needed knowledge & training on this fast growing profession. In order to cater the need of them as well as the need of Trade & Industry, PHMA in collaboration with SMEDA is organizing a one-day workshop
