

# Building Integrity Inspection Awareness Session

Integrity and reliability are the two most important factors in ensuring the safety of structural components. Keeping this view in mind PHMA in collaboration with SMEDA is organizing an awareness session with F&M inspection who have expertise in conducting building integrity inspections.

This session will provide you the information about

1. Building Structure Assessment.
2. Electrical Equipment Assessment.
3. Fire and Safety Equipment Assessment.
4. Mechanical Equipment Assessment.

## Program Schedule

**Date & Time :** Thursday, 15 February, 2018.  
from 03:00 PM to 05:00 PM

**Venue :** PHMA House, 37-H Block -6,
